Dichachne ciliata
Edge of pond

19179 *Eragrostis amabilis* (L) W & A
Eragrostis amabilis
Sand-hill - compact panicles

19180 *Cymbopogon hamatulus*
Sand hills

19181 *Imperata* on [?]
Asteroides. All leaves young
like *Eragrostis* sp. [?]
Eragrostis with special panicles
[*Andropogon squarrosus*?]

19182 *Trachypogon australis* R Br
Edge of pond

19183 *Sacciolepis indica* (L) Cham
Sacciolepis indica
dullo

19184 *Eragrostis elongata* (Willd.) Jacq.
Sandy hills - spreading
perennial

19185 *Eragrostis squiculata* (Willd.) Nees & Mey.
ditto - moderately compact
perennial - purple.

19186 *Apluda nutica* L.
Among bamboo - and brush along
edge of pass - 3-5 ft. Stems
and branching

19187 *Rhaphis (aristulata) orientalis* Desv.
Sandy hills - common

19188 *Eragrostis elongata* (Willd.) Jacq.
ditto - probably same as 184

19189 *Syntherisma longiflora* (Retz) Steud.
ditto - probably *S. chinensis*

19190 *Eragrostis elegantissima*
dens ground along path

19191 *Syntherisma heterantha*
Same hills - long spikes + closed
spikes

19192 *Eragrostis amabilis* (L) W + A
Shrub of hedge

19193 *Imuadlin* ~~*plumosa*~~
Hack
Small hills

19194 *Eragrostis quinculata* Nes
Mey
ditto - compact panicle - green
on tower

indica (L) Nye
= *Pennisetis latifolia* Ait
19195 *Pennisetis*
ditto - common

19196 *Capriola dactyloides*
Low ground near coast

19197 *Ischaemum aristatum* L.
Edge of pond, summit - glume
moss

19198 *Paspalum vaginatum* Sw
Near sea - along inlet

(L) Spw
19199 *Pennisetum alopecuroides*
Low ground near inlet

19200 *Paspalum cartilagineum* Presl
Among bush near pond

19201 *Ischaemum sieboldii* Miq
ditto - resembling *celiense*

Echinochloa crus-galli
19202 *Echinochloa crus-galli*
Along edge of pond. Spkt small

Bambusa
19203 *Bambusa* Spruce
Hedges and copses

Syntherisma sanguinalis debile
19204 *Syntherisma sanguinalis* (long fls?)
Shady places

Clasium indica
19205 *Clasium indica*
Wet in lawn

Syntherisma sanguinalis debile
19206 *Syntherisma*
~~Sandy soil~~ Shady soil
(*S. microchaeta*)

(L) Richt
Dactyloctenium aegyptium
19207 *Dactyloctenium aegyptium*
Wet in lawn

C 19208 *Rhaphis aciculata* (R. B. P. W.)
Rhaphis aciculata
In lawn

C 19209 *Braehiaria distachya* (L.) Camus
Braehiaria distachya
Wedge in lawn

C 19210 *Panicum repens* L.
Panicum repens
Low ground near wall

(Lam) Beau
C 19211 *Leptochloa filiformis*
Leptochloa filiformis
Near garden

(L) R. B. P. W.
C 19212 *Sporobolus indicus*
Sporobolus indicus
Low ground near wall

sp.
C 19213 *Syntherisma contracta*
Syntherisma contracta
Along stone wall, wide brach
out

Syntherisma sanguinatis debile
19214 *Syntherisma longiflora*
Along stone wall

See 19546 for Hainan
again later

19251 *Pennisetum latifolium* Ait
Pennisetum
ditto

19252 *Paspalum vaginatum* Sw
Pasp (serot)
ditto - non milt
grazed above tide not near water

19253 *Osterdaniya matrella* (L) Presl
ditto - narrow caulis
This is different from
any specimen I have collected

19254 *Eragrostis genuiculata* Nees & Mey
ditto - in part
Same as 249

19255 *Chloris virgata* Sw
ditto - stem stoloniferous
at base

(L) Richt

C 19256 *Dactyloctenium aegyptium*
ditto

Very small specimens forming
mats in the sand.

The single large specimen
brought in on another place

C 19257 *Syntherisma contracta*
ditto

Spreading & rooting spots red

C 19258 *Syntherisma chinensis* (Nees) Hitchc.
ditto
small bushes, not
forming long runners

R. B. W.

C 19259 *Sporobolus elongatus*
ditto

C 19260 *Eriochloa ophiuroides*
ditto - very numerous

C 19261 *Syntherisma longiflora* (Retz) Steud.
ditto - very numerous

C 19262 Rhexia aciculata (Retz) Desv
ditto

C 19263 Syntherisma barbata (Willd) Nash
heterantha
ditto
forms minus - perianth

C 19264 Capriola dactyloa
ditto

C 19265 Panicum repens L
ditto

C 19266 Syntherisma chinensis (Pres) Hitchc
ditto
not forming long runners

~~4th Spec. Pakhoi~~
Indo China - about boundary between Tonkin
and Annam
19267 Sept 22
Anatherum retrocurvum (L) Nash
Low ground along ditch
Rare common in low ground
all along. Evidently indigenous

19268 *Haleus serratus* Thunb
Sorghum fulvum?
Low ground along R.

19269 *Haleus propinquus*
ditto. Same as collected
in Kwanaung.

19270 *Eragrostis elegantula*
ditto

(Presl) Gilch
19271 *Syntherisma microbachne*

~~Syntherisma saequivalis~~

19293

Hue - Indochina - Sept 25
Syntherisma microbachne
Syntherisma (microbachne)
Along road in low ground
5 miles north of Hue

19294

All below (19294-19) are from
low ground around the city - between
Hotel Anouvong and Hotel Indochine
Prospiquus
Along bridge

C

19295

Cyperus indica
Cyperus indica
Common weed

C

19296

Dactyloctenium aegyptium
Dactyl
Fairly common weed

C

19297

Eragrostis elongata (Willd) Jacq
Eragrostis elongata
Fairly common in grassland
[*E. elongata*]

19298 *Eragrostis pilosa*
Rather common in
open ground.

19299 *Imperata cylindrica*
(Probably same as 19308)

19300 *Echinochloa colonum* (L.) Link
Common along ditches &
rice paddies

19301 *Paspalum acrodictatum* L.
Rather common in moist
grassland - prostrate

19302 *Syntherisma chinensis* (Nees) Hitchc.
Grassland

19303 *Paspalum conjugatum* Berg
Moist grassland

19304 *Imperata cylindrica* (L.) Beauv.
Common in grassland

19305 *Brachiaria ambigua* (Trin.) Camus
Along ditch
[aspect of *B. distachya*]

19306 *Panicum repens* L.
Very general throughout
Common

(Pres) Hitch
19307 *Syntherisma microbachne*
Common in grassland etc

19308 *Ischaemum aristatum* L.
Occasional along ditches
rather common [in some?]

19309 *Syntherisma sanguinalis*
Occasional in grassland

Brachiaria distachya (L.) Cass
19310 *Panicum distachyon*
Common in grasslands
& as well in open ground

Chaetochloa gepiculata
c 19311 *Chaetochloa* *gemma*
Common - not very common

Brachiaria distachya (L.) Cass
19312 *Panicum distachyon*
Along ditch, same as 310
but in more flooded bank
growth

Panicum nodosum Retz
19313 *Panicum*
Along bank among other
low grasses and other herbs
Apparently annual.
collected [near Pan bambusa]

Eriochloa napuosa (Retz) Ktze
19314 *Eriochloa napuosa*
Abundant in marsh places

Panicum bambusoides Trin
19315 *Panicum bambusoides*
Along bridge, evidently to 8 ft
Seen (today) only once.

Echinochloa crus-galli
19316 ~~*Echinochloa crus-galli*~~
Wet in rice field

Ischaemum ciliare Retz
19317 ~~*Ischaemum ciliare*~~
Along rice paddy

Liptochloa chinensis (Retz) Nees
19318 ~~*Liptochloa chinensis*~~
Common in rice fields
and ditches

Apluda nutica L
C 19319 ~~*Apluda nutica*~~
Along ditches and among large
brush and shrubs. Apparently
perennial. As much as 10 ft
high, branching and straggling.

Panicum polypodiaceum Trin
19320 ~~*Panicum*~~
Wet in rice fields
[Like *capillare*]

Rhaphis aciculata (Retz) Desv
C 19321 ~~*Rhaphis aciculata*~~
Common in grassland - especially
where grazed or trampled

Cynisla dactyloa
C 19322 *Cynisla dactyloa*
Common in open grassland
mostly along roads & paths
apparently introduced

Eragrostis amabilis (L) W & A
C 19323 *Eragrostis amabilis*
Mead in garden & along
roads, occasional

(Sep 25)
Those below were collected on two
hills south west of the city about a mile
C 19324 *Eragrostis geniculata*
Along road at base of hill
They are same as 297 but
panicles more compact and often
purple

Eragrostis elegantula

Sporobolus elongatus
Moore place among rocks

19687

Arundo donax L.
Arundo donax
Munro shore of bay

Kowloon, opposite Hong Kong, Nov. 7

19688

Capriola dactyloea

Cynod. dactyloea

Grassland - long runners

19689

Enagrostis elegantula

Trisetum atrovirens

Moist place

19690

Panicum maximum Jacq

Panicum maximum

Along road - abundantly
scapit

19691

Aristida chinensis

Aristida

Dry slope

19692

Neurandra madagascariensis

Neurandra (Kth) Hook

dotted

19693

Panicum patens L.

Panicum patens

Shady slope

19694

Audropogon ischaemum
~~Audropogon~~ hillsides
grassland - common

19695

Capillipedicellus

~~Audropogon~~ *Microactium*
ditch - common

19696

Apluda mutica L.
grassland - probably
from previously mowed plants

19697

Pectropogon *contortus* (L.) Beauv.
dry slopes

19698

Miscanthus *sinensis*
dry hills & slopes - common

Miscanthus

19699

Axonopus compressus (Sw.) Beauv.

~~Axonopus~~
Hawaiian Islands - Kona, Hawaii
Oct. 1921. Sent me to Dr. S. G. G. for
determination by Herbert Shipman

19700

Phyllostachys bambusoides

Bamboo - Spreading, robust
in midwinter, midsize, slender,
as much as 12 ft. Dec. 7

19701

Cal. U.S.
Bambusa

Los Angeles, Calif. Cull. in
West Lake Park.
Young culms very glaucous
Dec. 17

19702

Bambusa tulda

Bambusa.
Los Angeles, ditto ditto
All culms yellow, young culms
glaucous but not as much as
as 19701. Blade narrower
Aspect same but appears
somewhat different.
As much as 30 ft. Culms scattered
Probably spreading by rhizomes. Not spiny.
Dec 17

19703

Phyllostachys nigra

Los Angeles, Calif. Cull. in
West Lake Park. 5-6 ft
Dec 17

19704

Bambusa nana

Bambusa nana?
Los Angeles, Calif.
Cull. at midsize in Alhambra
5-10 ft Dec. 17
